

# Senior C, .NET Developer Cover Letter

38490 White RoadsPort Calandra, MN 03234-2367

**Dear Phoenix Moen,**

In response to your job posting for senior C, .NET developer, I am including this letter and my resume for your review.

Previously, I was responsible for comprehensive project management for the evaluation, development and deployment of enterprise infrastructure technologies and enterprise-based projects.

My experience is an excellent fit for the list of requirements in this job:

- Experience with computationally demanding solutions
- Experience working on Agile development methodology and SCRUM processes
- Experience working in a web environment such as IIS administration
- Experience in .Net Architecture
- Experience with Database (MS SQL Server) and scripting languages
- Experience with SQL, PL/SQL, T-SQL, or XML
- Helping others to design, write, conduct, and direct the development of tests
- Using automated testing tools

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

River Kovacek
