Dear Stevie Mosciski,

I am excited to be applying for the position of senior C, .NET developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for development expertise to build solutions with the Regional product portfolio, integrated with the customer systems, operating environment and business practices.

Please consider my experience and qualifications for this position:

- Should be very fluent in JavaScript and front-end frameworks
- Excellent concept of OOPs and SOLID Principle
- Experience in C#.Net on Windows based applications
- Experience working on Windows OS
- Able to complete assigned tasks with minimum supervision & high quality on time
- Follows disciplined software development practices
- Exposure to WinCE, Android
- Exposure to Design Pattern and UML

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Dylan Hane
