

Senior Electrician Cover Letter

42590 Karlyn KeysYostshire, NJ 91219

Dear Haven Terry,

I submit this application to express my sincere interest in the senior electrician position.

In my previous role, I was responsible for insights in building blueprints and roadmaps for platform that simplify and standardize core systems.

My experience is an excellent fit for the list of requirements in this job:

- Switching experience Min
- Experience in a chemical/industrial environment preferred
- Experience on Petro-Chemical equipment would be an added advantage
- Grade 12/N3 with English, Maths and Science
- NQF4 Trade test(Electrical) /NQF4 Chieta /MQA Certificate
- Ensure safety on area of responsibility
- Manage and control spares
- Perform modifications where necessary

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Denver Ziemann
