

Senior Front End Developer Cover Letter

49518 Alica Crossroad East Leonel, MS 84923-7454

Dear Azariah Erdman,

I am excited to be applying for the position of senior front end developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for guidance and support the users in their efforts to become proficient in the use of the applications.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with caching and content delivery networks
- Hands-on, can-do attitude – a team player who helps others grow and improve
- Experience writing or working with modular JavaScript
- Working knowledge of MVC paradigm
- A keen eye for design details
- A strong sense of good UX
- Proficient in ES6
- Experience with building website builders

Thank you for considering me to become a member of your team.

Sincerely,

Avery Marvin
