

# Senior Front End Developer Cover Letter

9779 Ernser DaleGreenstad, WI 37864-7817

**Dear Tatum Muller,**

Please consider me for the senior front end developer opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for technical support for delivery of branded content experiences within NYT infrastructure and/or manage and troubleshoot code created by vendors.

Please consider my qualifications and experience:

- Experience with Angular 2 and Vue.js
- Experience in JavaScript and frameworks like jQuery
- Should be able to write custom style sheets, refactor and improve existing one
- Experience with Foundation JS
- Experience with Ads
- Deep dives in specific client-side areas, for example animations, performance, accessibility
- Working closely with designers and User Experience Architects
- Review and enforce the quality of code written within the team

**I really appreciate you taking the time to review my application for the position of senior front end developer.**

Sincerely,

Dallas Runte
