

# Senior Information Cover Letter

439 Liliana RapidPort Arletha, KY 30612-1323

**Dear Brooklyn Lesch,**

Please consider me for the senior information opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for technical support for computer systems used by faculty, staff, and students, including system administration, network configuration, security incident response, printing, application software support, and user training.

My experience is an excellent fit for the list of requirements in this job:

- Strong leadership and people management skills through demonstrated experience at a Director level
- Advanced demonstration of strategically developing and implementing solutions and processes
- Demonstrates internal/external interactions with executive management
- Functional expertise and technical acumen – Is an expert in his/her field, keeps up with trends and best practices
- Generate insights from program information and data to support program delivery
- Help embed best practice information systems across our service delivery areas
- Basic understanding of FTI products, systems, functions (and Business Units), marketing, and/or service policies and procedures preferred
- Solid knowledge and understanding of financial industry

**Thank you for considering me to become a member of your team.**

Sincerely,

Robin Bruen
