

Senior Information Cover Letter

895 Migdalia TurnpikeJaredstad, NH 73960-3462

Dear Baylor Hammes,

Please consider me for the senior information opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for input to policies, procedures and technologies (including firewalls) to ensure enterprise network security.

Please consider my experience and qualifications for this position:

- Knowledge of IT controls, security and privacy related regulations, and guidance and processes, including FISMA, NIST, OMB, and GAO
- Training in FedRAMP per ISO 9001 and ISO 27001
- The client is developing phone based features where we need to understand and assess the subsystem inside the phone consisting of the App, Bluetooth Chip, Touch Matrix, Display, and interlinking data buses
- Android Phone App development experience (Preferred)
- Knowledge of the Phone Touchscreen system (Preferred)
- Direct experience writing phone apps that have been certified by Apple or Android stores and are in public use
- Document architecture - Experience in information architecture and information modelling
- Social Media - Knowledge and experience of social media (Wiki, forum, blogging,) for technical communication would be a distinct advantage

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Rory Roob
