

Senior Instock Manager Cover Letter

651 Javier GlenRodriguezfort, VT 12804

Dear Ari Sporer,

I am excited to be applying for the position of senior instock manager. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for regular adjustments to parts and consumables forecasts, working closely with the company's Supply-Chain and Logistics Teams to ensure parts availability world-wide.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in supply chain, inventory management, retail and/or consulting project management experience
- Develop and deliver supply planning for testing supplies that aligns with our demand plan
- Own inventory strategy and buying execution
- Build strong relationships with supply chain at key vendors and partner to deliver an efficient supply chain
- Work closely with our Vendor Managers, with our Operations team on efficient inbound and distribution and with Program Managers to ensure future supply chain requirements are built for
- Deliver weekly/month/quarterly insight and business reviews on inventory, buying and supply chain
- Extensive Supply Chain management experience
- Understanding (and practical application) of LEAN manufacturing

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,
