

Senior Maintenance Manager Cover Letter

98445 Weissnat PineVanland, VT 83457-3938

Dear Lennon Kshlerin,

I submit this application to express my sincere interest in the senior maintenance manager position.

Previously, I was responsible for technical support and expertise for building infrastructure, systems, and controls to maintain efficient and reliable operation, including the completion of accurate and up-to-date GMP documentation.

Please consider my experience and qualifications for this position:

- Provide thought leadership and innovation with regards to technology trends and their impact on both business and technology portfolio
- Develop and drive tech ops transformation roadmap to modernize group operations
- Metrics for submissions, approvals and other regulatory deliverables according
- Quality and effectiveness of relationships with Novartis GLFs and external
- Project Management of major tasks/projects within the medical device/pharmaceutical industry
- Interaction with and managing input from multiple stakeholders
- Conducting projects in a global environment respecting cultural differences
- Basic Quality Assurance (QA) within the pharmaceutical industry and a sound understanding of risk management systems is preferred

Thank you for considering me to become a member of your team.

Sincerely,

Greer Dickinson
