

Senior Manager Planning Cover Letter

85811 Michal StravenueMohamedbury, MD 42492-3622

Dear Avery Jacobson,

I submit this application to express my sincere interest in the senior manager planning position.

In my previous role, I was responsible for effective financial planning, accounting, and reporting of financial information, and authorizing the recording of accounting entries to financial systems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Excellent judgment and verbal communication skills
- Considerable experience in Insight & Planning with a background in qualitative, quantitative Panel and Market data
- Strong leadership, objectivity and communication skills to ensure the voice of the consumer is heard
- Experience in International or European research
- Fluent English
- Strong expertise dealing with financial Reporting & Planning systems, processes and deliverables
- Proven track record working in internal setup, and dealing with foreign countries, and offshored shared service organization
- Project management background and prior experience in Reporting & Planning process modelling / re-engineering

I really appreciate you taking the time to review my application for the position of senior manager planning.

Sincerely,

Ari Vandervort
