

# Senior Manager, Production Cover Letter

1114 Vella Courts West Donte, ME 79479

**Dear Sam Durgan,**

I would like to submit my application for the senior manager, production opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for application support to wide range of investment management business applications; primarily responsible for supporting critical equity and research applications, including internally developed order generation and research systems, and their integration with upstream and downstream systems.

Please consider my qualifications and experience:

- Establish command and control of technical triage bridges holding business partners, subject matter experts and technical partners accountable during restoral activities
- Provide strong commitment to excellence by anticipating needs and risks, mitigating risks and minimizing potential problems thru a comprehensive program of continuous improvement initiatives
- Extensive Application Development and Operations background highly preferred
- Advanced risk management and contingency planning experience
- Solid budget management experience
- Excellent presentation and written/oral communication skills
- Adept at MS Office Suite of tools
- Certifications in ITIL, Project Management, Cisco/VOIP, Microsoft, VMware and/or Oracle

**Thank you for your time and consideration.**

Sincerely,

Denver Christiansen
