

Senior Manager, Project Management Cover Letter

70330 Waelchi Manors East Brice, AK 21113-0997

Dear Avery Heaney,

I submit this application to express my sincere interest in the senior manager, project management position.

Previously, I was responsible for project coordination and associated services to the OED drug development PPMs and project teams, supporting project plan maintenance and reporting, scenario development, risk management and decision making (40%).

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience in fast moving consumer goods industry is preferred
- Solid business knowledge, sound judgment, strong communication, leadership, influencing, and change management skills is preferred
- Computer and MS Office proficiency, with specific knowledge of CADD and MS Project or other software - , Primavera
- State registration as an Engineer or Architect
- Demonstrated superior commercial and credit judgment
- Familiarity with a variety of financing structures
- Experience managing transaction due diligence, documentation, rating process and capital syndication
- Understanding of GAAP practices with respect to proposed transactions

I really appreciate you taking the time to review my application for the position of senior manager, project management.

Sincerely,

Lennon Ondricka
