

Senior .NET Application Developer Cover Letter

61115 Frederick HollowSouth Necole, NM 88666

Dear Justice Stehr,

I submit this application to express my sincere interest in the senior .NET application developer position.

Previously, I was responsible for technical expertise and recommendations in assessing new software project and initiatives to support and enhance our existing application delivery plan;.

Please consider my experience and qualifications for this position:

- Self-motivated, possess strong communication skills and be able to work in a team oriented environment
- Deep knowledge of designing and implementing back-end system/services
- Good understanding of financial metrics and mathematics in the fixed income space- highly desirable/nice to have
- ASP.NET and Web Services experience
- Write and maintain code for custom written applications
- Manage timelines and priorities with new feature requests
- Design new applications to meet customer's needs
- Angular 2+ (not AngularJS) – Angular-CLI

Thank you for taking your time to review my application.

Sincerely,

Drew Ritchie
