Senior .NET Developer Cover Letter

5993 Janelle CommonKulaschester, CA 18670

Dear Dylan Padberg,

I would like to submit my application for the senior .NET developer opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for sQL Server best practices to other team members.

Please consider my qualifications and experience:

- Excellent knowledge of .NET 4.6, C#, ASP.Net MVC, OWIN Web API and Entity Framework
- Strong experience with REST based APIs and service-oriented architecture
- Strong understanding of design methodologies, patterns, prototyping, and client server / object oriented technologies and programming techniques
- Experience evaluating multiple technical approaches and selecting the most effective from the universe of solutions available
- Proficiency in UI design / WPF / MVVM
- Object oriented programming in Windows application client/server environment using MS Visual Studio with C#
- Financial/Banking/Accounting/Statistics experience
- SSAS Experience

Thank you for considering me to become a member of your team.

Sincerely,

Marion Gulgowski
