

# Senior .NET Developer Cover Letter

3075 Art KnollsHerbbury, IA 62560

**Dear Morgan Hane,**

I would like to submit my application for the senior .NET developer opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for management of our SQL Server and technical environment.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Solid experience developing using an ORM framework like Entity Framework, Hibernate
- Proven experience designing solutions using SQL server or other databases
- Solid experience creating and consuming web API's using SOAP, REST
- Familiar with scaling ASP.NET web applications on IIS
- Familiar with scaling SQL Server
- Familiar with design patterns and development frameworks
- Familiar with porting web forms applications to ASP.NET MVC
- Familiar with SSRS or other reporting frameworks

**Thank you for your time and consideration.**

Sincerely,

Armani Jenkins
