

# Senior .NET Software Engineer Cover Letter

1509 Parker Rue South Elma, MN 54842

**Dear Shiloh Hegmann,**

I am excited to be applying for the position of senior .NET software engineer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for direction and critical reviews for Development Planning, Design Inputs and Outputs, Design verification and Validation, Peer Technical and Design Reviews, Risk Management and Labeling review.

My experience is an excellent fit for the list of requirements in this job:

- Experience with Xamarin and Xamarin Components
- Experience with OOP, SDLC, pattern and practices in multi-tenant system
- A fan and advocate of unit testing, automation and test-driven development, experience in using mocking frameworks
- Developed or supported an operationally critical web service
- Excellent communication, collaboration, interpersonal, and critical thinking skills
- PLSQL or TSQL
- Knowledge of Web/cloud development (mandatory)
- Good knowledge of HTML/HTML5/CSS (mandatory)

**Thank you for taking your time to review my application.**

Sincerely,

Dylan Leannon
