

Senior .NET Software Engineer Cover Letter

33894 Lavon Road Wiegandside, ME 15116

Dear Avery Moore,

I am excited to be applying for the position of senior .NET software engineer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for technical Architecture, Designing, coding and debugging of product features with latest Web and Mobile Technologies.

Please consider my experience and qualifications for this position:

- Maintenance of widely used Applications and Web Services
- Experience in front end HTML UI using JQuery or Angular or React preferred
- Good C# skills, asynchronous Tasks, multi thread
- Good knowledge of WebServices development such as NodeJS, C# Web Services, SQL database, REDIS
- Knowledge of web development such as JavaScript, JQuery, Angular, React
- Good focus on systems performances
- Windows programming expertise, related tools and best practice
- MS SQL Server and SQL experience

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Royal Ferry
