Senior .NET Software Engineer Cover Letter

89547 Antone FortNorth Blondell, KY 34203-9440

Dear Oakley Runolfsdottir,

I am excited to be applying for the position of senior .NET software engineer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for expert-level troubleshooting and design / development guidance to development teams facing complex architecture needs.

Please consider my qualifications and experience:

- Knowledge of data access technologies like ADO.NET and ORM frameworks such as EF or Dapper
- Experience correcting performance bottlenecks
- Solid knowledge and experience using PC software including MS Office suite
- Love and passion for software development
- Experience with HTML, CSS, JavaScript, and C#
- Consider testing an important discipline while writing software
- Knowledge of OOP principles and familiarity with SOLID
- Strong knowledge of .NET Framework concepts, C# language

I really appreciate you taking the time to review my application for the position of senior .NET software engineer.

Sincerely,

Spencer Koch
