

Senior .NET Cover Letter

325 Ruecker UnionsPort Sammy, LA 26886

Dear Max Nienow,

In response to your job posting for senior .NET, I am including this letter and my resume for your review.

Previously, I was responsible for team leading of distributed team of 7 developers; the team will own a couple components developed on C#/APIs/Oracle/MS SQL.

My experience is an excellent fit for the list of requirements in this job:

- Experience working with C# (including latest versions of ASP.NET MVC)
- Knowledge of creating and consuming web services using REST, JSON or WCF
- Full-stack .NET developer who knows backend and not afraid to do front end as well
- Be fluent in English to communicate with colleagues and business users
- Adore testable code and proper application design
- Work without supervision but be a part of a team
- Proficiency in C#/.NET
- Working knowledge design patterns and principles of object-oriented programming and design

Thank you for taking your time to review my application.

Sincerely,

Tatum Wiza
