Senior .NET Cover Letter

351 Bosco LodgeLake Bennie, KS 29792-0599

Dear Max Wolf,

I would like to submit my application for the senior .NET opening. Please accept this letter and the attached resume.

Previously, I was responsible for senior-level development and design contributions including guidance in formulating requirements, evaluation of technical architecture, and make recommendations of the optimum approach to meet the functional and non-functional requirements.

My experience is an excellent fit for the list of requirements in this job:

- Experience with multitier design
- Experience with unit test framework
- Experience in multicore/multithreading programming
- Knowledge of Microsoft reporting service
- Knowledge of Microsoft Patterns and Best Practices
- Knowledge/Experience of overall financial Services industry
- Knowledge of Telerik controls
- Familiar with Application Lifecycle Management

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Tatum Price
