

Senior .NET Cover Letter

120 Smith PortJuttaborough, AL 21556-2577

Dear Riley Hoeger,

I would like to submit my application for the senior .NET opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for input and feedback to others on topics of architecture design, code quality, and business solutions Position

Requirements:.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Modern service oriented design
- Understanding data and database systems
- Understanding web servers and server architecture
- Strong analytical, project planning and decision-making skills
- Proficient in specifying and evaluating architecture requirements
- Outstanding interpersonal skills and clear communication with customers, vendors and peers across departments
- Developing or working with Microservice
- Solid background using the .NET framework

Thank you for taking your time to review my application.

Sincerely,

Ryan Keeling
