

Senior Software Developer Cover Letter

683 Hal Fords Julianachester, KY 85834-5079

Dear Haven Herman,

I would like to submit my application for the senior software developer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for support for a growing Docker and Kubernetes host cluster.

Please consider my qualifications and experience:

- Experience with architecture, design and development of Single Page web applications
- Knowledge of testing frameworks (Ex
- Knowledge of test runner framework (Ex
- Good understanding of Unit Testing and automated build processes
- Experience with JSON and Restful API invocations
- Demonstrated use and knowledge of Git
- Familiarity with mobile web development and responsive design
- Strong object-oriented design and software engineering capabilities, including programming experience in java and JavaScript

I really appreciate you taking the time to review my application for the position of senior software developer.

Sincerely,

Emerson Hilll
