Senior Software Developer Cover Letter

30303 Weimann MountainNorth Harrisborough, WI 58900-2521

Dear Dylan Steuber,

In response to your job posting for senior software developer, I am including this letter and my resume for your review.

In the previous role, I was responsible for support, improve, and implement Kubernetes internal components and applications on top of multiple clusters.

Please consider my qualifications and experience:

- Very good experience in Web development (HTML, Java), J2EE
- Very good experience with C++ development
- Very good experience with Shell, Perl scripts and SQL
- Good experience with Operations Service Management Solutions development (OSS)
- Ruby on Rails knowledge is an asset
- Good English and French communications skills (oral and written) are essential
- Experience in Service Oriented Architecture (SOA), Restful Web Services
- Experience in relational databases and data structures

Thank you for your time and consideration.

Sincerely,

Rory Corwin
