

Senior Software Engineer, UI Cover Letter

68838 Enoch VistaBrownview, GA 48343-8687

Dear Zion O'Conner,

I would like to submit my application for the senior software engineer, UI opening. Please accept this letter and the attached resume.

Previously, I was responsible for regular status report and raise issues / concerns with management to ensure the team and processes are working smoothly.

Please consider my experience and qualifications for this position:

- Demonstrated experience working with cross functional teamsHTML5 and CSS3 (including Twitter Bootstrap)
- Extensive Spring MVC/REST API development experience
- JQuery & Advanced JavaScript (including AJAX & JSON)
- JavaScript task runners such as Grunt and Gulp
- Git and/or SVN
- Excellent UI programming skills including Javascript, HTML5, CSS, AJAX, and cross-browser and device development
- Experience on multiple Content Management Systems
- Experience with file syncing solutions

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Denver Fay
