

Senior Specialist Developer Cover Letter

5158 Hamill ShoalPort Genaro, AL 78680-8501

Dear Parker Botsford,

In response to your job posting for senior specialist developer, I am including this letter and my resume for your review.

In the previous role, I was responsible for recommendations on which tools and approaches would be the best for the projects while understanding ROI.

My experience is an excellent fit for the list of requirements in this job:

- Good understanding of basic statistical, analytical and data mining techniques
- Understands marketing principles
- Confident presenter and excellent report writing skills
- Experience in the banking industry especially in the payments business is preferred
- Well versed with PL/SQL
- Extensive experience with SQL relational database management systems (particularly postgresql)
- Excellent spoken and written communication and documentation skill
- Master's in Computer Science, Engineering, or related discipline

Thank you for taking your time to review my application.

Sincerely,

Ari Jakubowski
