

# Senior Talent Acquisition Partner Cover Letter

3191 Ward GrovePort Kenneth, RI 63517

**Dear Shiloh Koelpin,**

I submit this application to express my sincere interest in the senior talent acquisition partner position.

Previously, I was responsible for through leadership, foster a culture of continuous improvement and innovation, and provide best in class experience to our candidates, hiring managers and talent acquisition team.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience using data to drive recruiting pipelines
- Experienced in developing complex web search strings using Boolean operators and traditional web sourcing techniques such as site x-ray search, flip search, location specific search
- Knowledge of social network platforms, online communities, conferences, and other potential sourcing pools used to isolate senior-level technical talent and emerging technologies (GitHub, Stack Overflow, Top Coder)
- Resourceful—this person knows how to get things done!
- Energy, enthusiasm, and highly organized with a 'can do' attitude
- Significant experience managing a diverse and complex requisition load, including a variety of professional, technical, leadership and executive searches
- Able to work with all levels of leaders in a consultative manner to advise them during the interview and selection process
- Knowledge of equal opportunity legislation and diversity and inclusion employment practices

**Thank you for considering me to become a member of your team.**

Sincerely,
