Dear Dylan Bashirian,

I am excited to be applying for the position of senior web developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for solutions for the analysis of customer requirements for websites according to the client's wide range of highly complex specifications and needs.

Please consider my qualifications and experience:

- JavaScript Charting Libraries
- JavaScript Unit Testing Framework
- Experience with Angular 2 or ReactJS
- Adobe Dreamweaver etc...
- Web development experience including ASP.NET MVC, web services
- AWS hosting experience
- Effectively develops in a documented, well structured, easily maintainable format
- Front-end frameworks

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Tatum Blanda
