

# Server Admin Cover Letter

287 Leonor PortsDortheyshire, AL 33353-7376

**Dear Indigo Haag,**

Please consider me for the server admin opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for technical and strategic leadership for the deployment and use of Office 365 tools, in particular (but not limited to) Exchange Online, SharePoint Online, Teams, OneDrive, Azure Active Directory, Project Server, Dynamics CRM etc.

My experience is an excellent fit for the list of requirements in this job:

- Proficient in advanced SQL functions
- Knowledge on ETL concepts like Slowly Changing Dimensions, Accumulating Fact, Snapshot Facts
- Working knowledge of project management tools in development of schedules, goals, and timetables
- Competent in Microsoft applications, including Visual Studio, SharePoint, SQL Server, CRM, Access and Excel
- Competent in writing HTML and CSS
- Competent in troubleshooting and problem-solving skills
- Preferred experience in MSSQL replication, log shipping technologies
- Experience and success in automating administrative tasks using PowerShell

**Thank you for taking your time to review my application.**

Sincerely,

Morgan Sauer
