

Services Project Manager Cover Letter

132 Marlin HillsPort Diamondside, LA 53293-1876

Dear Ari Zboncak,

I submit this application to express my sincere interest in the services project manager position.

In my previous role, I was responsible for management oversight for Environmental Services non-exempt level staff (client and/or Sodexo employees) in the delivery of Sodexo Environmental Service Programs.

My experience is an excellent fit for the list of requirements in this job:

- Embraces technology and creative processes
- Knowledge/experience in managing/directing projects
- Exceptional collaboration and stakeholder management through a full project's lifecycle, in a complex delivery and/or reporting environment
- Experience of working in a fast moving environment, using agile and waterfall PPM techniques
- Focus on delivering business value through outcomes, with appropriate process rigour
- Contract development and on-going commercial management of service delivery
- Experience of working within or engaging closely with central Government, Ofgem, or the Energy Sector
- Basic understanding of Public Key Infrastructure (PKI)

Thank you for your time and consideration.

Sincerely,

Gray Marvin
