

SharePoint Engineer Cover Letter

66352 Peg HarborWest Alphonsoside, DE 81252-3981

Dear Campbell Graham,

I would like to submit my application for the sharepoint engineer opening. Please accept this letter and the attached resume.

In the previous role, I was responsible for guidance on best practices and approaches to design and implement effective and standardized SharePoint sites; be the knowledge expert on SharePoint.

Please consider my experience and qualifications for this position:

- Proficiency with Office 365, Active Directory, and Azure technologies, including authentication and authorization
- Microsoft SQL Server Development (DDL, Stored Procedures, Functions, Triggers, ADO.NET) experience preferred, including creating custom reports using SQL Report Server or Power BI
- Experience with solution documentation (technical and end user variations)
- SME SharePoint Design and Administration
- SME SharePoint Security
- Experience migrating and updating SharePoint site collections
- Strong experience with PKI preferred
- Thorough understanding of SharePoint Architecture (i.e., farm topology)

I really appreciate you taking the time to review my application for the position of sharepoint engineer.

Sincerely,

Shae Buckridge
