

Shift Machine Operator Cover Letter

8845 Rochel River Wiegandfort, SD 53769-1758

Dear Dylan Cassin,

In response to your job posting for shift machine operator, I am including this letter and my resume for your review.

Previously, I was responsible for operating engineering support in tool set-up, process design and continuous improvement.

My experience is an excellent fit for the list of requirements in this job:

- Understand and be literate in English
- Able to pay attention to job on machines, focus on how the machine is running (visually and by listening)
- Able to fill out paperwork correctly
- Able to operate metal detectors
- Be able to use and read a scale/ruler up to 1/32
- Standing/ Walking/ Bending/ and Climbing for an entire shift, capable of lifting 50-70lbs frequently, pushing and pulling carts weighing 200lbs
- Able to work 3rd shift
- Performs all operations according to prescribed safety principles

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Shiloh Hodkiewicz
