

Shop Cover Letter

50984 Weimann Gardens West Waylon, KY 91330-3976

Dear Campbell Wilderman,

I submit this application to express my sincere interest in the shop position.

Previously, I was responsible for functional support to Shop Technicians by answering questions, providing instruction and advising on all phases of service and repair.

Please consider my qualifications and experience:

- Experience leading or supervising and extensive experience in domestic water treatment and distribution wastewater collection
- Familiarity with SCADA systems and the management of automated equipment
- Written and verbal communication skills necessary to give effective direction, motivate, train, develop and provide guidance
- Experience and knowledge evaluating work hazards and establishing safety standards to assure the public, worker, and environment are protected from adverse consequences
- Demonstrated proficiency using personal computers and related software programs and applications
- Knowledge of the function and operation of the Central F&I and Deployed Teams Departments and of LLNL's ES&H and security policies and procedures
- Military trained utility/equipment operator experience
- Electronics or Computer background preferred

I really appreciate you taking the time to review my application for the position of shop.

Sincerely,

Charlie Bogisich
