

# Site Leader Cover Letter

6234 Stehr Parkway Satterfieldmouth, TN 11862-7873

**Dear Story Kuhic,**

In response to your job posting for site leader, I am including this letter and my resume for your review.

In my previous role, I was responsible for coaching and individually mentors Black and Green Belts regarding training and developmental need Ensures assigned Six Sigma Belts are continuously broadening the application and understanding of Six Sigma Lean tools, strategies and techniques.

Please consider my qualifications and experience:

- Process improvement knowledge and experience of implementing and driving a continuous improvement culture
- Experience of managing different departments, functions, or large teams
- MBA or equivalent executive business education preferred
- Strong leadership experience and skills with a track record of driving high performance and leading change
- Previous manufacturing and production experience utilizing lean manufacturing tools and concepts
- Sound knowledge of fabrication, castings, machining operations electro-mechanical and electronic assembly manufacturing
- Strong background in low volume/high mix made to order operations and quality
- Six Sigma Green or Black Belt certification is an asset

**Thank you for considering me to become a member of your team.**

Sincerely,

Campbell Koepp
