

# Site Superintendent Cover Letter

653 Carlos ViewPort Solomonberg, CT 00910

**Dear Lennon Hessel,**

I am excited to be applying for the position of site superintendent. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical review and guidance for proposed improvements to emergency systems and equipment such as firewater system, and fixed response equipment.

My experience is an excellent fit for the list of requirements in this job:

- Executes planned work in a safe manner, that supports the transition of new or enhanced IS services form projects or Design & Modification to application and asset owners
- Success in a similar role within the Mining or Resources industry where safety is top priority
- Experience implementing safe operational support of mission critical solutions in a large scale environment
- Good understanding of safe maintenance processes (1SAP), and the maturity levels of a maintenance organisation
- Strong understanding of the entire ISA95 suite
- Experience developing and managing to budget
- Extensive leadership experience, managing diverse groups including business partners
- Strong PC skills and computer literacy inclusive of SAP

**Thank you for your time and consideration.**

Sincerely,

Indigo Denesik
