

SOA Developer Cover Letter

43066 Joaquin Crossroad Walkerhaven, WA 20257

Dear Robin Herman,

I am excited to be applying for the position of SOA developer. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for direction to the development team in execution of the construction, enhancement, and operation of the application.

Please consider my experience and qualifications for this position:

- Familiar with all web services tools
- Restful API and SOAP will be added advantage
- Full life cycle technical design experience in Oracle EBS modules
- Hand of experience developing Forms, Reports, PL/SQL, Workflow (WF), Oracle Applications Framework (OAF) for various e-Business modules
- Hands-on development experience in Oracle SOA Suite is preferable
- Experience designing and developing business process flows, business rules and workflow
- Build web services based interfaces to internal solution components such as EBS, WebCenter Content, third-party applications
- Experience working in a production support role

Thank you for taking your time to review my application.

Sincerely,

Tatum Swaniawski
