Software Analyst Cover Letter

8379 Lindgren WayLangmouth, KY 99872-6367

Dear Justice Lindgren,

In response to your job posting for software analyst, I am including this letter and my resume for your review.

Previously, I was responsible for army Logistical Subject Matter Expert advice on Army transformation, functionality, policy, and procedures to SAP trained consultants.

My experience is an excellent fit for the list of requirements in this job:

- Experience in writing computer code in various languages including those needed to develop web interfaces
- Evidence off efffective verbal and written communication
- Experience in work effectively in a collaborative environment to assist in the implementation and execution of projects
- Experience with Python (especially Django) and/or Java preferred
- Demonstrated knowledge of covered software companies
- Basic understanding of LAN and WLAN networks
- Works with others to understand priorities during an outage
- Knowledge of REST-style web services, HTTP, HTTP servers

Thank you for taking your time to review my application.

Sincerely,

Casey Pouros
