

Software Developer Cover Letter

411 Bergnaum ParkNew Katerine, TX 00977

Dear Armani Legros,

I am excited to be applying for the position of software developer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for support as needed to production systems ensuring that both internal and external client's needs are met.

Please consider my experience and qualifications for this position:

- Some server-side software development experience
- Proficiency in Java or other object-oriented programming languages
- Strong understanding of OOP/OOD principles
- Good hands on development Experience in C/C++, or C#
- Scripting knowledge like Perl, Shell
- At least 6 months experience in Java Representational State Transfer (REST) Application Programming Interfaces (APIs), JAX-RS
- At least 6 months experience in server components and database architecture
- At least 6 months experience in at least one of the database platforms (MSSQL, DB2)

Thank you for your time and consideration.

Sincerely,

Rowan Murray
