

Software Engineer Internship Cover Letter

36331 Chung WellsNorth Brandontown, GA 95092-8507

Dear River Moen,

I submit this application to express my sincere interest in the software engineer internship position.

Previously, I was responsible for recommendation to address risks • Background in object oriented development and scripting languages Working knowledge of the Unix/Linux Operating systems Understanding and familiarity of project management concepts • Ability to work as part of a Global team • Development experience.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Computer Science, Software Engineering
- Socialize with the other interns full-timers
- Familiarity with Unix/Linux and/or Windows OSs, Linux is preferred
- Experience with version control systems, Perforce, Git or similar
- At least junior in Computer Science, Math or similar
- On track to obtain a BSc in Electrical / Electronic engineering or similar
- Able to work both as part of a team and independently
- Working knowledge of the Linux operating system, including user and kernel space

Thank you for considering me to become a member of your team.

Sincerely,

Tyler Schamberger
