Software Engineer Internship Cover Letter

2912 Patrice CirclesEmelyport, RI 66325

Dear Avery Muller,

I am excited to be applying for the position of software engineer internship. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical direction and mentorship to the automation engineers in test design and Python programming.

Please consider my qualifications and experience:

- Master Software Engineering
- Attend daily Agile/Scrum meetings with Dev, QA, and Product Management
- Shadow Software Engineers to learn about software languages and other technologies used
- Perform basic coding tasks
- Meet with stakeholders in multiple Development teams to get a picture of the overall Applications Portfolio and Integration touch points
- Currently studying or have knowledge of C++ and one other programming language
- Familiarity with the phases of software development
- Knowledge in object- oriented software development methodologies

Thank you for considering me to become a member of your team.

Sincerely,

Jordan Weissnat
