Software Engineering Internship Cover Letter

3656 Mertz RestKrisfurt, MN 16316

Dear Sutton Dicki,

I am excited to be applying for the position of software engineering internship. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for input to system related capital and operating budgets; develops capital, project and operating budgets as required.

Please consider my qualifications and experience:

- Currently pursuing a Bachelor's, Master's or Ph.D
- Basic understanding of IPC mechanisms, RPC, TCP/IP, HTTP, SSL/TLS
- Knowledge of networking products such as routers, firewalls, Windows and/or Linux/UNIX server
- Comfortable working in Windows & Linux/UNIX environments
- Knowledge and understanding of software testing techniques
- Being an advanced student in network communication or in a relevant technical area
- Strong interest in the media/telecommunication business and technical interest in satellites
- Excellent analytical and judgment skills, experience with CISCO, Linux, Firewalls

Thank you for your time and consideration.

Sincerely,

Tatum Larson
