**Dear Quinn Medhurst,**

I submit this application to express my sincere interest in the software engineering internship position.

In my previous role, I was responsible for leadership in the design, communication, and execution of the Server Engineering strategy for Microsoft Windows, Azure, and Linux operating environments.

Please consider my qualifications and experience:

- Computer literate (MS PowerPoint, Excel, Access)
- Systems concepts (Networking, coordination systems, CAP, failure modes)
- Demonstrable initiative through personal projects and / or past internships
- Programming experience in modern web development, with a preference for JavaScript
- Eclipse environment and Java language
- Currently enrolled in a Bachelor, Master, or PhD program with a minimum gpa of 3.0
- Proven experiences in C++ software development environment
- Familiar in STL, GUI, COM, API

**Thank you for taking your time to review my application.**

Sincerely,

Tatum Aufderhar
