Software Engineering Internship Cover Letter

67988 Gusikowski CrossroadNorth Tilda, WA 08106

Dear Denver Romaguera,

I submit this application to express my sincere interest in the software engineering internship position.

Previously, I was responsible for support to operating areas and dispatch relative to system priorities, engineering guidelines and operating decisions during normal and emergency situations.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience developing full-stack web-applications preferred
- C/C++ knowledge preferred
- Knowledge/experience with microcontrollers
- RTOS knowledge/experience
- Embedded systems knowledge/experience
- Comm Bus knowledge/experience
- GPIO knowledge/experience
- Interrupt and/or ISR knowledge/experience

Thank you for taking your time to review my application.

Sincerely,

River Bergnaum
