

Sound Technician Cover Letter

449 Tad RoadsMosciskimouth, VA 38485-1129

Dear Oakley Franecki,

In response to your job posting for sound technician, I am including this letter and my resume for your review.

In my previous role, I was responsible for testing and maintenance support for Safety Network which includes fire alarm, hazardous gas detection and facility critical alarm points.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Working knowledge of computer skills with both Windows and MAC OS
- Posses basic maintenance aptitude
- Posses a valid State Driver's License
- Available to work varied shifts to include evenings, weekends and holidays
- Knowledge of the principals of sound and audio system operation
- Skills in setting up and operating sound systems
- Will continuously be able to bend and squat
- Occasionally be able to push, grasp, and pull up to 60 lbs

Thank you for considering me to become a member of your team.

Sincerely,

Haven Braun
