

Sound Technician Cover Letter

619 Robt PlainsSouth Darnell, FL 46622

Dear Blake Turner,

I submit this application to express my sincere interest in the sound technician position.

In my previous role, I was responsible for technical support and assistance for SFTV faculty, staff, teaching assistants and students with production sound equipment, systems and facilities.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledgeable of AV and Low Voltage specific wire, cable, connections, and terminations to include fiber optics
- Experience in operating audio equipment in major sports venue preferred
- Knowledge of the game of Baseball and applicable timing to play music
- Self-starter and multi-task oriented
- Perform infrastructure work of the highest standards, with all wiring inside and outside of an equipment rack to be well throughout, very clean, immaculate and serviceable
- Ensure S&V systems are maintained and operational
- Effectively work with internal (S&V), and external departments and vendors
- Ensure the department delivers a maximum level of customer service, guest service, and production value

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Corey Halvorson
