

Sound Technician Cover Letter

23799 Kessler IsleNorth Lydaland, VA 69041-3980

Dear Brooklyn Smith,

I submit this application to express my sincere interest in the sound technician position.

In my previous role, I was responsible for resolutions for audio systems and to provide support and maintenance of equipment and software.

My experience is an excellent fit for the list of requirements in this job:

- Manage and maintain the musicians' equipment and inventory
- Apply safety standards and regulations for sound equipment, and practice safe work methods
- Good understanding of audio wireless management and theory
- Knowledge of different musical equipments
- Knowledge of Ableton Live is an asset
- Experienced utilizing CRESTRON Toolbox application for configuring and troubleshooting CRESTRON Systems
- Experienced working with digital signage systems, projectors, and video format conversion systems
- Knowledgeable in all types of current video formats and IPTV

Thank you for your time and consideration.

Sincerely,

Emerson Kozey
