

Specialty Manager Cover Letter

576 Demetrius Trail Jeanellestad, VT 38838

Dear Rowan Anderson,

Please consider me for the specialty manager opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for guidance for portfolio management by recommending new technologies, products and services while also planning for phasing out of products no longer deemed competitive.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience creating documentation and financial models
- Understand basic membrane technologies, adsorption/elution (process chromatography), multi-phase evaporation systems (evaporators), spray drying, and thermal processes
- Proficient in MS Office necessary
- Practical knowledge of cellar operations
- Knowledge of government regulations- specifically food safety, HACCP, GMP standards, TTB and state regulations on alcoholic beverage production, distribution, and packaging
- A record of successful sales and/or business analytics experience
- Demonstrated customer relationship development experience
- Advanced computer/technical skills, specifically Microsoft Excel and PowerPoint

Thank you for taking your time to review my application.

Sincerely,

Armani Stark
