Dear Lennon Ferry,

I submit this application to express my sincere interest in the SQL developer position.

In my previous role, I was responsible for microsoft SQL support, including installation, configuring SQL clustering, monitoring, optimization, backup, and security support.

Please consider my qualifications and experience:

- O-work in a dynamic and fast-paced environment
- O-SQL structured data expertise through industry experience
- O-Excellent Communication (keeps others informed, involve the right people in decision-making)
- O-High Collaboration
- Low supervision needed
- Provide their own laptop
- Expert proficiency with Microsoft SQL server, transact-SQL and SSIS
- Expert proficiency with Microsoft Office products, especially Visio, Word and Excel

Thank you for your time and consideration.

Sincerely,

Peyton O'Keefe
