SQL Developer Cover Letter

606 Lesley StationBalistrerimouth, NJ 46065-4171

Dear Skyler Lubowitz,

Please consider me for the SQL developer opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for guidance and assist in the deployment of SQL databases and SQL related application updates.

Please consider my experience and qualifications for this position:

- Experience of SQL spatial data
- Working knowledge of version control systems such as Git, SVN, Mercurial, TFS
- Excellent understanding of .NET web development and how it interacts with back-end process
- Strong understanding and experience on System Development Life Cycle
- Expert Developer to assist in the development of internal Matching and allocation systems
- Design, Build, Develop and Test new features for all Business Process and Control systems
- Experience of SQL Server
- Previously been a "go to guy" for all things SQL Server

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Casey Brakus
