

SQL Programmer Cover Letter

2833 Kuphal Ferry Traceyfort, VA 93566

Dear Finley Beier,

In response to your job posting for SQL programmer, I am including this letter and my resume for your review.

In my previous role, I was responsible for technical consultation to business units and internal service partners on all phases of SQL and application database development, production support, incident management, problem management.

My experience is an excellent fit for the list of requirements in this job:

- Digital and Omni-Channel experience/interest is preferred
- Experience with Jira and ticketing systems is preferred
- Expert SQL Programmer
- Proficient in the use of SQL Server and reporting analysis tools
- Proficient level of analytic skills
- Proficient with MS Office and/or Google Products
- Experience using data visualization reporting tools
- Advanced knowledge of SQL Server and SQL Reporting Tools incl

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Marion Metz
