

SQL Programmer Cover Letter

41887 Anh UnionPort Maragaret, AR 92937

Dear Landry Dicki,

I am excited to be applying for the position of SQL programmer. Please accept this letter and the attached resume as my interest in this position.

Previously, I was responsible for guidance to development team in the interpretation/application of business needs/technical specifications as it regards to data storage/manipulation.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of T-SQL, C# .NET and MVC
- Basic understanding of database and software concepts
- Working knowledge of Windows desktop or server operating systems
- Technical fluency in all phases of the data management lifecycle
- Demonstrated proficiency with database programming using T-SQL, scripting using C# focused on data manipulation and transformation
- Oracle PL/SQL or other Structured Query Language
- Microsoft Excel (macros)
- Experience with Command Commodity Standard System (CCSS)

I really appreciate you taking the time to review my application for the position of SQL programmer.

Sincerely,

Spencer Bergstrom
